LETTER FROM THE MAYOR - DONALD R. BARRETT JR

Welcome to 2021! We are all asking THE question - when will things return to normal? I'm not sure if I ever want to go back to normal. I typically don't like be normal, nor aim for normal and - let's face it - normal is never good enough. We the residents of the Borough deserve more than just normal.

I have been waiting for life to return to normal since March of 2020, and it scares me to think if we go back what will happen. Last year, we were supposed to be celebrating 100 years of Wilson Borough! Instead the Celebration Committee was forced to delay the celebration three times in the course of waiting for things to return to normal, finally settling on October 14, 15, 16 of this year at Meuser Park. COVID-19 has changed a lot of things and we need to make sure that we are better prepared for anything that may happen in the future.

Here is something worth celebrating - we have seen a marked reduction in crime in Wilson Borough. I love to read the posts on Facebook that say crime is "rampant" and that announce "I can't wait to leave this town and move someplace safer". Let's face it, crime is everywhere and you are not going to get away by running someplace else. As I said once before, the best quote I heard was that people often believe that the grass is greener on the other side, but that people who live there also weed and feed and take care of their property too, which is why it is so green. We need to work together on our property - the Boro. We need to get involved and be part of the solution. We have a Block Watch, yet I see almost nobody joining or participating. I see lots of people attending the Community Yard Sale (and hopefully the Easter Egg hunt in 2022) but we need people to join and be part of Block Watch. If you see something happening don't just blast it on social media; that accomplishes nothing. Call the police, plain and simple. If you have not realized this yet, we do NOT monitor Social media for issues. With respect to recent stats on crime in the Boro, I am happy to say that in 2018 we had 259 Part 1 offenses and since then we have cut that down to between 177 and 174; as of this letter we are at 51. To say the least, our police department does an amazing job. Our officers average about 450 calls per officer. That is a lot of calls! Compare that to Palmer Township and Easton who's officers answers about half that total per officer. Their departments are much larger but, with all the work our team has done, I feel incredibly safe with them covering our town and am proud of all that they accomplish.

LETTER FROM THE MAYOR

Our Fire Department has answered over 210 calls (both EMS and Fire) already in 2021, with an average response time for both types of calls at around 5 minutes. Of course, the year is still young. EMS calls have a quicker response than Fire but the average for both is amazing. This is extremely important when every second counts. And I have personally witnessed the response and serve that our first responders offer and I can honestly say we have the best. The fact that we are such a small town gives me the feeling that service is taken personally. They aren't helping a just a citizen, but a family member.

Public works was extremely busy in 2020 and in 2021. The Blizzard of the Century did not make it easy. I had to drive during the storm and I will tell you that our roads were one of the clearest in the area and state. Yes, I acknowledge that alleys were an issue, but Eric and the Team worked hard to clear them as quickly as possible. Living in Wilson Borough myself, I know that our alleys are narrow and the roads are being torn up by UGI and other utilities. But this is being addressed as well. After school breaks for the summer, UGI and Wilson Borough will start milling and repaving the roads torn up by UGI. UGI will also be looking to do more construction this summer and we are asking that these roads be milled and paved as well. For too long, we have just overlaid asphalt on top of asphalt, making it so we have very little curb, which can cause flooding. Milling will be part of the repaving and we will be posting a list of areas they will be working on once confirmed.

With COVID-19 our office staff and code enforcement has faced special challenges. Even though the office is closed, business has continued and they have been coordinating all aspects of business. Unfortunately, the layout of Borough hall is not one that is well designed for pandemics. As the restriction lifts, we will be open once again for business.

We have a lot of projects we are working on from roads being repaired, the pool being remodeled, giving the police a functional police station, and the Centennial Celebration to name a few. All these things take time and after four years - almost five - we are finally starting on a new scoreboard at Fisk Field. These are all team efforts and every member of Council has contributed. In addition, we have a lawsuit currently against the owners of the Dixie Building. The filing is quite extensive and a matter of public record if you wish to look it over; the Case Number is C-48-CV-2020-06058. Your officials are working hard and I will continue to broadcast Council meetings.

Being small is not always a bad thing. As Borough residents we are blessed to have a lot of resources and benefits, such as our own library, wilsonborough.org, police, fire, public works, code, office staff, councilpersons, and each other. Join me, and let's work to be part of the change, coming together to make this town better. Let's be more than normal!

Donald R. Barrett Jr

Just a reminder about the Borough's Curfew Ordinance: Borough Ordinance No. 655 states that those under 18 years of age are not allowed out in public between the hours of 11:00 pm and 6:00 am unless that child is accompanied by a parent or guardian, going to or from work, on lawful business for their parent, returning from school or going to school, or on an emergency errand authorized by their parents.

The Wilson Police respond to hundreds of parking complaints each year. Please remember that vehicles cannot be parked in the same spot for over 72 hours and all vehicles must have current inspection, registration, emissions, and insurance. if you have off street parking, please be considerate of your neighbors.

Thank You!

FLUSHABLE WIPES

"Flushable" wipes, along with Clorox and other disinfectant wipes, are clogging pipes and sewer lines, and especially pumps at sewer treatment facilities.

The Borough of Wilson would like to remind residents to avoid flushing the following items: Diapers and baby wipes — even flushable wipes; feminine hygiene products and personal care wipes; cleaning/disinfecting wipes and disposable toilet brushes; paper towels; disposable gloves.

Flushing these types of items can cause backups in your personal sanitary sewer lateral and sanitary sewer main systems.

If a personal sewer lateral backs up, it is the property owner's responsibility and can be very costly.
